PROPOSES MUNICIPAL -FERRY WHEN PRESENT S. P. FRANCHISE EXPIRES

Councilman Would Have City Run Seventh Street Line: Amendments Fre Discussed

to be provided for in an amendment to the proposed franchise to the Southern Pacific Company for the Oakland mole, was proposed by Councilman Harold liverhart before the city council last light as the first of the socialistic measures germinated from his adoption of the political faith of Karl Marx. His suggestion was the occasion of sharp words between him and his fellow memorates of the municipal legislative body, and although the proposed amendment is apparently doomed to die in committee, it was referred to the city attorney with a request for an opinion as to the legality of the measure.

FIREWORKS AT MEETING.

Councilman Everhart occasioned the

Councilman Everhart occasioned the only fireworks at the meeting of the council lest right, and these proved a very mild form of pyrotechnics. When he entered the council chamber he was applauded fro mthe lobby, many present at the meeting cyldently approving his neunclation of republicanism and espousal of socialism. His fellow councillinen did not look so well pleased, hownen did not look so well pleased, how-ver, and it was not until Everhart rose o his feet and explained that at least a part of the radical expressions attributed to him were without foundation, that he again found grace in the eyes of his confrered.

Before entering the council chamber

Before entering the council chamber is had been shown by several members if the council a San Francisco paper, in which he was quoted as having cast reflection upon the honesty of the other nembers of the council. This he demed imphatically. His public denial, signed, was filed with the city clerk and was received with thanks by President Penicton. Everhart said in tendering the axidanation:

REMARKS TWISTED.

"Mr. Chairman: The daily papers have taken certain remarks of mine, made during an address last Sunday evening, and madvertently made them to appear

and inadvertently made them to appear as reflecting upon the integrity of the members of the City Council.

"During the four years I have sat as a member of the Council I have come to earn and respect the high character and pure purposes of my conferes.

'I categorically deny the etatement that the Council was elected by money furnished by the public service corporations.

furnished by the public tions.
"I did not state that the councilmen do not have to be bribed because they lare owned.
"Those I may disagree in they have I h are owned.

"However nuch I may disagree in matters of policy or of legislation, I have every respect for the viewpoint of my associates.

IN FRANCISE GRANT.

The plan to have Oakland operate train and ferry service, suggested by Councilman Everhart, was to be placed in the franchise grant to the Southern Paific Company as contingent upon the rechise grant to the Seventh street local line in 1911, when application will be for such renewal. He declared that if this right was granted and Oakland should operate such a system, it CAUSES TRAGEDY would pay for the police force, the run ning of several city offices and would result in a material lowering of the

A storm of questions as to his plan was flung at Everhart by the other Convention Paving Way for Man Fatally Shot Attempting councilmen. After answering several, he

"What's the use or arguing this thing, and going into details and asking a lot of foolish questions? I knew before I suing a thief whom he had caught in the seven of the councilmen would be against act of stealing some milk, which he had it, and maybe eight, nine or ten. Yet believe me, gentlemen, I introduced it in ler, a driver for the Reliable Dairy, who all sincerity. I do not think it is a radi-lives at 1715 Eddy street, was shot and areasure. But I do not see the use of asking feelish questions about it."

FOOLISH QUESTIONS.

mixed spices (except cloves), one-fourth level teaspoon salt and two cups seeded and quartered raisins. Add also one-half cup nuts chopped fine, if you like. Blend one-half cup Cottolene with one cup brown sugar and one cup white sugar, add one cup molasses, one cur milk and then the flour mixture. Beat well and bake in two pans.

Municipal operation by Cakland of a But it is possible that since the referrain and ferry service to San Francisco, endum will place the gr: nt-within the to be provided for in an amendment to hands of the people, it will not be re-

ALL WERE WII LING.

At the close of his ad iress Councilmen Steifyater, Bronne: Vose, Ellsworth and others were on their feet, declaring that they would be glad to promote such a proposi ion, to reduce taxes and to assist the city, did they see any legal and practical way to overcome the difficulties and obstacles

see any legal and practical way to overcome the difficulties and obstacles confronting such a project. Attorney Jere Burke spoke for the Southern Pacific Company as follows: "The gross earnings of the Seventhstreet local would not pay for your police force. You exaggerate the importance of the Seventh-street local. This amendment would clace the railroad in the position of having to exchange all its rights over the role for the Seventh-street local line. I do not think that is fair."

Nine amendments to the franchise ordinance, which had be an taken up in the Wharves and Water ront Commuttee, were recommended and accepted by the Council on motion of Councilman A. P. Stiefvater. These amendments were then passed to print for five days, Councilman Everhart voting no.

LITTLE ALTERATION.

LITTLE ALTER ATION.

The franchise, with hese amendments will probably be altered, buy little before it receives final passage. The amendments represent several corrections of technical mistakes, and about four new conce sions, on the part of the railroad. The first amendment considered was concerning the famous switching claus. On the basis of a recommendation from Attorney R. M. Fitzgerald, this was revamped to protect the interests of local merchants and of the city of Oakland as a municipality, to provide for the acceptance of carleads of freight to be switched over my and all lines with which the Southern Facific has switching agreements.

Attorney Fitzgerald's letter follows:

"Mr. R. C. Vose
"Dear Sir—In reply to your inquiries concerning the proposed witching clause to be inserted in the franchise now under consideration by treating and control of the consideration of the consideration of the city of the city

der consideration by tracity council wherein there is granter certain mights and provisions to the fouthern Pacific and provisions to the fouthern Pacific Company, would say that the amendment readurg 'Having a term rus in the city of Oakland and with who had grantee, has successors or assig s, shall have track connections either in the city of Oakland, if properly insited in section 7 of the proposed franch a ordinance will guarantee to the people of Oakland that they can have cars suit hed in the city of Oakland to any line sying a terminus in the city of Oakland to the city of Oakland to the city of Oakland.

BELIEVES IT FAIR.

"I believe the proposer amondment to e perfectly fair and rs I understand hat it adds nothing to the interpretation the add put upon the section by the rati-

already put upon the second coad "You have also asked me whether think it necessary in reference to his I would say that this is a mailer for the honorable city council it determine but I can see no possible objection to it and think it a proper amon iment to make. "Very truly yours, "R. M. F.TZGERALD."

ready put upon the sec ion by the rational coad

"You have also asked me whether think it necessary in reference to bild I would say that this is matter for the honorable city council to determine but I can see no possible objection to it, and think it a proper amon linent to make.

"Yery truly vours.

"R. M. F. TZGERALD."

Other concessions were as follows:

AMENDMENT NO. 5.

Amend section 2. sibdiction 9 by adding a new paragraph the cto immediately after the second paragraph thereof, to read as follows:

FIGHT CHRONIC 'JAG' WITH APPLE, IS PLAN

CHICAGO, Oct. 11 -- The W C T. U of Cook County is going to fight drink with apples. It has discovered that the agent which caused the fall of the human race may now regenerate it.

Dr. Samuel Balley of Mount Ayr, Ia., has been experimenting on the antibooze qualities of apples. He has cured hundreds of drinkers by feeding them apples when they wanted to drink. The women are sending out thousands of leafers which read
"The use of apples as an article of

diet will very much dimirish, decrease and ultimate'y abate the appetite for alcoholic stimulants.

"That this is a fact could be proved in "That this is a fact could be proved in mory instances if a little care, caution and vigilance be taken to investigate conditions. As a rule the habitual user of a cobolic stimulants is raisly a consumer of apples. There seems to be a recular combination in apples that all lays the irritation, or socalled appetite, produced by the use of liquor."

Make Vain Appeal to Save Man Ten of the Fifty Men Entombed Who Stole Millet Painting in Colorado Coal Pit Discovered Lifeless.

Judge Refuses Leniency When Hope That Any of Imprisoned Paroled Artist Commits Miners Will Be Rescued Alive Is Abandoned.

> STARKVILLE, Colo. Oct. 11 .- Fiftyfour hours after the explosion occurred in the Starkville mine of the Colorado Fuel and Iron Company, entombing more than fifty men, the first of the bodies of the victims were fould by searchers. chamber 80 of entry J $_{\odot}$ 12,000 feet from the mouth of the mine, and later eight more were found in chambers 31 and 35.

MEN KILLED INSTANTLY.

The condition of the bodies indicates that the men were instantly killed by the terrific force of the explosion. Several were badly burned, b t none was disfigured beyond identification.

Reports received from William Mogan, superintendent of the Piedmont mine, vho was leading the rescue party of thirty-five men, stated that he did not believe any more bodies would be found soon, for the reason that the rest of the mprisoned miners we'e company men, and were scattered though the various workings engaged in repair work and

QAS DELAYS FESCUERS.

The work of rescue was tedious and delayed by the presence of deadly afterdamp, which had accomulated in great quantities in the cham ers off entry Stopes were necessary to give air from the portable fan a chan e to dissipate the afterdamp Where possible the rooms filled with the deadly , as were bratticed and isolated from the entry so bad air vas held inside Thie, of course, was ione only where rooms were known to be vithout bodies.

REMOVE VICTIMS' BODIES.

After receiving a report direct from the receiving a report direct from the resous leaders or arriving at the mine, General Manage, Wietzel declared that the 8 o clock shift should devote its energies first to removing the bodies from

the mine to the ports!.

It was stated by President Welborn that considerable time would be required to get the bodies out Progress would necessarily be impeded by the fallen

Coroner Guilfoyle i amediately began preparations to receive the bodies at the temporary morgue in he machine shop. ocated almost a rille from the mine.

Washing tubs, burla; for wrapping the
podies and rude benches were placed, and all was in readiness within an hour.

CURIOUS KEFT AWAY.

After the bodies reach the mouth of the mine it has been arranged to load them upon motor cars for transportation to the morgue. The track over which th motor cars run is in plain view of the town. The townspeop e, either in Ignorance of the discover of the bodies or indifferent to it, remained away from the mine during the errly morning hours. the mine during the erry many perhaps it was due to the strict enforcement of orders to per nit no one at the mouth of the mine. Austrian and Italian consuls and attorneys reached Starkville today to purdent of the subjects for their sets of the country. After the final meeting in Oakland Mrs. Montgomery will go to Port and and Seattle and from the northwestern cities to the east.

Knees Became Stiff

92-YEAR-OLD FATHER
NEW YORK, Oct. 11.—George Washington Willmot, sged 92, appeared in a Brooklyn boilee court yesterday and had his boy. Frank P. Wilmot, committed to jail as an habitual dunkard.

Son Frank is 82.

"What can I do for you two old gentlemen," said the father. "This is my son. He associates with bad comparisons, and is drunk most of the time. He is old enough to work, but I have to cupport him."

"Six months on the Island," said the magistrate.

"Six months on the Island," said the magistrate.

CORPORATION'S GAIN REDUCED CHARGES

DENVER, Oct. 11.—A reflection of one-third in the meter charge made to power companies by the federal covernment for the use of water in the generation of electricity is practically a sured, according to Chief Engineer C. (Merrill of the forestry service, who arr ved here from Washington yesterday.

A new set of regulation governing the relations of the government with power companies, including the roposed reduction in charges and the sengthening of the certainty of tenure under government permits to use water in streams, has been prepared by Merrill and submitted to Secretary Wilson of the Department of Agriculture. Herrill declares that there is practically to doubt of its adoption. The new rate: are to apply only to new business mer

THOUSANDS ATTIND BIG CHURCH MEETING

TOPEKA, Kan, Oct. 11—Several thousand delegates are here or the international convention of the Christian church, which begins today.

The Oregon delegation was the first to arrive, coming early to a the foundation for a campaign to even the convention next year. Missouri delegates came on a special train bringing with them Champ Clark, who vill be one of the speakers of the conventio.

A feature of the convention will be an immense out-of-doors conmunion service next Sunday. A prelimin ry meeting was held last night at the First Christian church. TOPEKA, Kan, Oct. 11 - Several thou-

TAXPAYERS IN **HURRY TO END** INDEBTEDNESS!

BERKELEY, Oct. 11.-Yesterday was the beginning of the secand week of city taxpaying, and City Tax Collector E. V. Gove declared that the amount paid in during the six days previous, approximately \$2000, was more than had been obtained from property owners during the corresponding period last year.

"Apparently the reason for this," said Gove today, "is that the pecple have had their minds on the payment of taxes, on account of the recent consolidation election. The tax question was an issue in the consolidation campaign, and the citizens gave the matter a great deal of thought. They have now removed the tax business from their minds by paying the city what they owe."

Chester H. Rowell's Apology.

The Sacramento Bee has been urging the Fresno Republican to come out against Judge Melvin regular Republican nominee for sustice of the Supreme Court | The Republican assures the Bee in this plaintive fashion that it is opposing Judge Melvin:

The Bee has not read the Republican attentively Also, it has not read THE OAKLAND 'RIBUNE, which has repeatedly roasted the Republican for just the opposite offense, and has tried to stir up discord in the ranks of the party by charging that the Republican, in supporting Lawlor, was speaking for the official organization of the party. That is exactly what the Republican is not doing The editor of the Repullican purposely 'programmed' himself off of the State Executive Committee of the party, in the hope of thereby regaining some of he personal and journalistic independence, which official connection with organized politics had for a time intermitted. He was publicly congratulated by the Bee for this action. Frankly he does not believe that he entirely accomplished the hoped for result. One who was president of what afterwards practically became the perty organization, and who presided over the party convention which made the change, can not by any tormal act entirely separate hin self, for that campaign, from those 'rules of the game which apply o party candidates and committees Neither can he, it he is a new paper editor, entirely separate the newspaper from his personal limitations. It was therefore a delicate matter even to advocate Judges Lawlor and Sloss, as the Republi can has done in preference to judges Melvin and Bledsoe"

There are several dungs in this statement that demand attention. One is that the ecitor of he Republican admits that he progran ned hunself of the Republican State Executive Committee that he might escape the charge of t eachery for supporting Demo cratic candidates and or posing nonnnees on the Republican State ticker. He omes to add as he might truthfully have done, that he had a commanding voice in selecting the personnel of the executive committee and is regarded by that body as the man in authoritythe boss, it you please

It is clear also from what the Republican says that Chester H Rowell is aware or the political responsibility resting with a mar who undertakes the leadership of a political party. As editor of the Fresno Republican he is trying to separate himself from this re sponsibility and releve the elecutive committee he has created from responsibility for the cove t fight now being carried on in the so called Lincoln-Roose elt Leigue against Judge Welvin. In hi efforts to exculpate hin self Mr Rowell turnishes conclusive proothat his treachers was cel berate and studied that he figured out a plan by which his freachers colld be carried out without involving the executive committee he had a eared

Let it be remember a tha Hidge Melvin gained his nomination by a direct appeal to the Repud can voters of the State. He wa placed on the kepub ican State ticker by the direct primary law, o which the Fres to Kepublican vas so ardent an advocate. In bott ing his nomination Che ter H. Rowell attacks the operation of th direct primary law

Ngam he disingentorsly links Judge I awlor the Democrati nominee, with Judge Soss an clubs Judge Melvin with Judge Bledsoe another Demo ratio n runce for the Supreme Court. This is an evasion as infile a linsing re. As a cand date for the St prem Bench Judge Bledsoe is in every was preferable to I awlor he is faabler a better lawyer man c in egitty, fur and clean. But with the issue involved in this con overst Judge Pledsoe is not con

Jeages Melvin and Sloss re the Republican numinees for th Supreme Benca and the of them is being opposed by the virtual head of the Republican party in ichine as at present organized. That tal railroad San Diego will enter upon a new era at prosperity, machine is practically divoting all its efforts to the election of a sin machine is practically a vollege in Section of the Institution of Companies of the Institution of Companies o gle candidate on the leptblic in State ticket while as dominant about non pertisan luiges that would afford him a pretext ici treacterously bot ne udge lelvin's nomination. Then he pre grammed himself off his Sato I Securive Committee as ne admito clear the skirts of his political machine

This is honesty and fair cooling of the Unah Heep order. It is sauced with cutti is pie ensicis and the words but after all it s a shabby and indetlarised bit of business characteristic of a certain samp of hypocrist

In Alabama regro charge I with outraging a vilite woman wis tied to 15 ille and routed to leath after being shot several times The lynching was quit and derly says a cospatch relating the occurrence. I would have been really regrettable had the ceremony been accompanied by especer. I is a high testimomal to Minara civilization that negrous are new roasted to dea h in that State in a quiet and orderly nan e. 1) corin should always be observed it gets base and ignoble beliefs such functions moise or disc der would be a sad breach of good

Admiral School who cele rated his seventy first birthday Sun day says he is ecling we'll aid hearty and promises to attend the San Francisco Panema Pacine Aposition in 1915. We will be glid to see him out here ar thope in show him something worth seeing index t we will give him a hearty we come as often as te chooses. Plood is hicker than voter wou know admiral

The Democrats anding rading ese to do in this campaign have reserted to the train worr activeds it abuse says the Neva ia City Transcript Don worry flor Der ause abuse brether, t e L-R Republican cutft (pro sseals R publican) have the Dem crats backed off the Loards hen it comes to abuse. They have asserted that everyth ig that ed against the Republican par y 'w Democrats during the list orth years is true and have be nounced as a har and horsethic any Republican with direct dispute them They have do lared to leading Republicans in the State and nation are little better thin cominon thieves in I bunko steer ers. We do not remember. at the Denocrats of California ha e ever carried on such a campa on of villification as professed Republicans have cerried on agains. Republicans in this State for more than a year past. Our Nevada City contemporary has had its share ever if he fears or hates never of this abuse, and it should be so inured to it by this time as not to feet the less acrid emissions of the Democrats. Be a good drig prother and neitler whine rot complain but stand in and ha g his sign on your breast. Kick me again, please

PRESENTING THE CUP

San Diego Is All Right.

The San Diego Union is ather disgruntled over he census to turns which give San Diego a triffe under 40,000 inhabitants. Nev ertheless the showing is a good one. San Diego more than doub ed her popular on during the last decade and if she has not overtaken ably well and her showing a something for her people to be proud to a something for her people to be people to be people to be a something for her people to be people to be a something for her peopl of It the Dodge Phelps Synd cate should extend the Fl Paso & Southwestern to San Dego, as now seems quite hely that city will be made the deep water terminal of a great transcontinental railway system the Rock Island. The Dodge Phelis people have acquired a large stock interest in the Rock Island, which connects with their railroad at El Paso, and is now strongly represented in the Rock Island directorate. This would indicate that it is mended to extend the El Paso & Southwesterr to San Die, o With he completion of the Panama canal and the coming of a transcontinen drawing a great trade from Arizona and Northern Mexice. I et her not complain, but dig her has a in for a more stren ous endeavor

Your compensation will cone only as you procuce remember that akers of profits pay for production and your pay check will be! curtailed it or don't come brougi'

The virtues of the are the sun total of man's salt-control vir tues denote the positive quilines but vice the nigators on the base good virtues overturned tain up as vice

The passion to do pu's man through, and man's ove of the good makes him just and true to both himself and you, rian's ovision

Most people like to have triends who are not it need for ten they there elves can in re urn be friends indeed but he needs and them jams ans no e the seeds are not often well fed and find it hard to get a bell be cause most men like them best out of their sight.

NEWS OF SCHOOLS BOYS AND GIRLS

BOY SCOUTS ON NINE-YEAR-OLD GIRL TO PLAY

CINCINNATI Oct 11—Tie declaron of the house of deputies and the house of bishops of the Enscopal church to hear on Thursday of this week, the propositions to change the rannons of the church on marriage and divorce, and the dis uselons which took place yesterday on the training of the Jens in the cotrines of the old testament were tre most important matters which carre up at the two sessions of both houses. The proposal to change the church cannon on marriage and divorce will be given careful attention and interesting development sare expected. An appeal to the church net to endeavor to convert the Jens was made by the Rev William M Grossenor rector of the Church of Inctrnation of New Yorl City who made a straing address before the house of deputits against this movement. Signature of the church of the Christian church be made for the Jens's Last evering at the Sinton house of the banquet of the Christian church be made for the Benduct of the Botherhood of the Andrew was held at which mann bishops and prominent clargement and lawmen of the church were present. Three chindled place in three houses of the church to read. Holy Catholic Church' was made at the session vesterday by George Wharton Pepper of Philadelphia. The resolutor was referred to a committee.

with the Weber Piano

Rosenthal is one of the two greatest pianists of the time, some thinl of all time. Born a musical genius, his art is all in all to him.

Naturally, Rosenthal would choose the piano which gives best expression to his art.

Rosenthal uses the Weber---for him it is the ideal instrument. On the Weber Piano his great triumphs have been won.

Just wherein lies the superiority of the Weber, Rosenthal indicates in a letter addressed to the Weber Piano Coripany:

"I found the Weber Piano ussurpassable in the strength and grandeur of its bass, the bell-like crystal purity of its treble and the absolute perfection and delicacy of its mechanism. Your piano is, indeed, an instrument of superlative worth"

The Weber is the piano of today, the choice of the greatest pianists, the standard of comparison among musicians everywhere. world's supreme achieve nent in piano making.

Price of 1911 Model E-M-F "30" \$1000

And Guaranteed for One Year Absolutely

There's a Line That Will Create a Sensation in Automobile Circles

It's Our Answer to the "Bargain Day" and "Automobiles at Half Price" Advertisements You've Been Reading of Late. Also We Give Herein Some Facts About the Present Automobile Situation --- Especially Prices.

As Always, We Make It Openly--- Take the Public Into Our Confidence and, Having Nothing Ourselves to Conceal, Tell Some Things Some Other Makers Would Prefer to Have Left Unsaid.

- IF THIS NEWS COMES AS A SURPRISE TO YOU as a prospective buyer of an automobile, what do you suppose will be its effect on the trade—on competition? Nothing so sensational has happened in this industry since the first announcement, just two years ago, of the \$1,250 price of E-M-F "30" -- a pric which, for a car of that size and power and . quality at that time, was lit le less than revolutionary.
- BEFORE WE GO ANY FURT HER let us say this advertisement is directed to business men-men who are in the market for an automobile and who are looking for the lest pos ible value for their money. The possession of the wherewithal to buy an automobile is the best evidence of the business acumen and thr.ft of such men. We assume that you who read this are versed in sound pusines methods—that you have met and overcome crises in your own a fairs-ret competition of all kinds, fair and unfairintelligent and the reverse.
- SO WE ARE GOING TO TELL YOU frankly the reasons which have led up to and the reaso is why it is advisable, as well as possible for us to reduce the price of this sterling product \$250 from the former price. Much said herein may be open to misinterpretation—every frank statement is. But as we have said, we are not interested in the few super-critical folk who may read this. We expect it will be received with disfavor by those whom it hits hardest—our meals; but just so long as it meets the approval of men who know and men who want to know the true situation-if, in short, it serves as a guide 10 you to buy right-we are satisfied.
- SOME FOLK WOULDN'T t ink this good advertising at all. One who read the original draft aske . "Aren't you advertising other concerns too We admit ed that riight he so-but they are welcome to any crumbs of publicity, such a it is, they can pick from this. Ancher said, "Why expose inside affairs -what business is it of the public's?"
- NOW WE NEVER COULD FATHOM the philosophy of the ostrich -nor see the sense of treating as rade secrets, matters that were patent to the whole world. You fool not ody but yourself. Besides, it's had advertising, for it is balpable evasive. The reason E-M-1 advertising has always been effective was because it was always frank and appealed to reason.
- IT IS A MATTER OF COMMON GOSSIP that you can buy many of the best-known makes if cars it prices ranging down to half the list price. (In this regard it is only far to say that 'list price," with many manuincturers, I as been a mean ngless term—it represented merely the maximum price they hoted to get for their product. F-M-F "30" has been one of the few cars that could not be bought anywhere at less that list price --plus freight charges from Detroit to destination.)
- SUCH PRACTICES MISLEAD the average buver. He is mystified. When price cutting begins he wonders where it will end. And when cars of such well-known in ikes are offered at half (list) price, I e naturally wonders if it is not the same vith all. One effect has been to bring up the question, 'Has the demane for automobiles fallen off?" The answer is easier than you in ght suppose.
- THERE IS NO LACK OF D IMAND for automobiles. The motor car has become and always will be not a necessity in modern life. There never will be a falling oft in demind because the factories that will continue in business after the storm of the rest few months has subsided, will be unable to more than supporting steady command for good morer cars at right prices. Dige t that ist sentences it means much, not only to the trade, but to a runs a ros ale bayer. It is a bad thing to buy an autotrobile from a cattern that may not be in existence a few weeks or
- BUT THERE IS A LACK OF DEMAND for obsolete models. There has been for some morths. It is cars with noise, power-consuming, troublemaking planet my transmis fons, there is no de hand among the knowing Cars with exerter valves and other obsolete teatures have been a drag on the market for some time. It is a traiser that cars that can be bought at half piece are to bee too lear -- and that term applies to obsoline models of any make the months, second-hand car of modern design than such
- STILL THAT ALONE DOISN'T EXPLAIN the panicke condition that exists at this ment of This (September and October) has all vays been, with us, the liest solving section of the year. Weather and roses are ideal and everything moves to introduces. Beside, the prospers is farmers who have always siker the larger part of our on put, are just now reaping bumper harders a literate again gold for them. Way such price-cutting at this time, here
- IT IS A NATURAL QUESTION Income who is not familiar with the inside binow hims ordered to and four transferred spirits or word late, for they are carried a butting their own business. It doesn't touch is, however and ye think it will clarify the atmosphere the sooner to let in some light and rentile on.
- PROMOTION AND INFLATION is the abswer in a word. Every good thing is that, but I have a bas ness has its parasites. Every industry is plagued by promious and cultivers. The more prosperous the business, the more documents to the the activities of such men. The automobile business ross has been notes, epine of the public, is usual, was muslead for a time, but every true lige of man is side the lines knew-land waited for the mevitable. We call and we vare ready for it, as this ad proves

if you choose. Perhaps, on second thoughts, you'd better.

- THEY BECAME ENTANGLED in the meshes of their own manipulations. As a result they are now trying frantically to raise the wind-to get money in any way just so long as it comes quickly so as to stave off insolvency for yet a little longer. One e pedient adopted in this extremity is the "Bargain Day" and half (list) price sales you have seen advertised. If they had paid more attention to ma ing good automobiles and selling them legitimately, instead of treating the automobile industry as a game to be played for big stakes, all would have been different.
- NOW OF COURSE YOU EXPECT us to say that all this does not touch the E-M-F product at all. That would be the usual—the ostrich way. But we never do the usual—that is not how big successes are achieved. Beside, you know better. You know that when thousands of automobiles, or any kind, are thrown on the market at half (list) price, it naturally affects a concern with an output as large as ours. Every car sold is one less prospect for us-and the fact that people who buy these so-called bargains" will later find they have paid more than the market price for lemons-to use the vernacular-does 1 ot help matters at this time.
- IT DOES AFFECT US; and, since we saw it coming and had time to trim our sails to take advantage of the gale we decided it was a good time to meet steel with steel-and set a price s andard that will endure for a long time to come. For, observe, this is no lemporary expedient. It is permanent. We made it rock bottom at a troke so there could be no coubt
- NATURALLY, THE QUESTION ARISES in your mind: If the E-M-F Company can reduce the price of E-M-F "30" one-fifth—from \$1,250 to \$1,000—was there not an exorbitant profit on that car previously? Our answer is, there was not. We will tell you why.

FLANDERS FORECAST

- IN MARCH, 1908, at the meeting of the shareholders of the E-M-F Company, General Manager Flanders, after describing the type of car the company proposed to manufacture, sa d:
 - "Our strength is in quantity production. We have the talent, the capital, and we will have the factory facilities. We can manufacture more automobile, of a better quality at a lower cost than any other concern now in existence, I verily believe.
 - 'Cars of the type I have described (E-M-F '30' five-passenger touring car, fully equipped) now command prices ranging from \$1,500, \$1,600, \$1,750 and \$2,100. I believe these prices are too high—the value is not there. That is our opportunity.
 - Manufacturing in large quar tities, we can buy materials to the best advantage. Having the cash to pay and take our discounts, we can under-buy other makers. Most of them are merely assemblers, paying intermediate profits to parts makers. We shall manufacture every part of our cars—cast our own cylinders, forge and stamp and heat- reat our own steel, make our own bodies and every other part. In this way we can reduce the cost of manufacturing so as to b able to sell a better car than
 - those I have cited, for about \$1,30. Then if, as I firmly believe, the quality of the car, backed by the reputation of our organization, will so appeal to buyers as to create its own market, the selling cost will be so low, we ought to be able to cut off another fifty dollars and place the car on the market at \$1,250. If v e can do that the demand will
 - be greater than we can possibly supply.

 "So much for the coming season. But we must build for the future. We here believe in the permanency of the automobile business-else we would be foolish to invest so heavily in permanent factories. We must begin now to plan for that future, E-M-F '30' has been designed with that idea uppermost. We have embodied those features that will meet the demands of the greatest number and endure long st. From year to year we shall improve wherever possible, but n ake no radical changes. Whatever other models we may from t me to time see fit to bring out, they will be merely to fill out the line. E-M-F '30' shall remain
 - our standard-our permanent nodel. "The public has been saying prices of automobiles must come down. And while the public says many things without deep thought, and while this is said without a knowledge of the cost of making automobiles, the public is right and eventually we hope to be able to realize th t prophecy. But we shall not do it by making a cheap car in the sense that cheapness means
 - poor quality. That would be fat il. "Once we have built and prid for our factories and equipment, standardized our product as d perfected it to the degree that will make few replacements ne essary to keep our guarantee good; when we have developed a car that we can guarantee for a year absolutely; by that time our customers will be many and they will all, if properly treated, he our salesmen-then I believe we can produce this same car it its highly perfected state and sell it for NOT FAR ABOVE \$1,000!"
- WAS EVER PROPHECY FULFILLED more completely than that one? Was ever a business forecast more accurate? Was ever a worther ambition realized?
- REMEMBER THAT WAS IN 1908-Abril, to be exact. So the plan which we announce in this "ad" to place E-M F "30" in the hands of big ers. Backeti not alone by its great reputation-there are over 18,000 in use today and every owner boosting-but racked also by a full year's guarantee a \$1,000 was laid with the very foundation of this company—at its first

- WE HAVE SAID WE SAW IT COMING. We did-and were ready for in. One man's embarrassment is often another's opportunity, you know.
- WHY DID WE NOT DO IT BEFORE?—that's another natural question. Glad you asked it. Answe is: During the first two years his company had to expend large sum on factory buildings and the installation of machinery, tools, jigs and other equipment. Good business rules dictated that that cost must be absorbed by the output of those years. The price, \$1,250, was the lowest possible under those conditions, and, you'll recall other makers predicted our speedy downfall, so narrow—so dangerously narrow-did they consider our margin of profit at that price.
- TO-DAY WE HAVE \$7,000,000 INVESTED in plants for making E-M-F '30" and Flanders "20" cars. We have practically unlimited financial resources—and everybody knows they are not furnished by our creditors. Our problem now is not to pay for those plants—they are all paid for but to keep them running economically-which is to say, to full capacity the year around. Our capacity is, as you know, 80 E-M-F "30" and 125 Flanders "20" cars every vorking day.
- FIGURE IT OUT FOR YOURSELF. Suppose we receive an average net profit of fifty dollars per car on such an output-pretty fair day's pay. isn't it? And you wouldn't mind paying that much "rake-of," to have the skill and experience of sa h an organization in the car you buy-and its guarantee back of it, wo ld you?
- YOU SEE, IT'S VERY SIMPLE when you strip it of all mystery and get down to brass tacks. The lower price will, we are confident, more than double the demand-plac s this car within the reach of thousands who would otherwise have to be content with a planetary transmission aboutination or do without -- o pay more than her feel they ought to pay for the car they want. I aving the demand, we shall run our plants the year round. The "overhead" or fixed charges will be distributed over the large number of car, making it a small item on each. Most important of al', we can kee our splendid organization much.
- WE EMPLOY 12.500 MEN. These and their families depend on this company for their hyelihood. They are the pick of the trade most of them have been with us from the first. Every man is an expert in his line, be that line of great or li tle importance. That's what makes it possible for us to make a better car than others-one we can granartee for a
- OTHERS ARE RETRENCHING JUST NOW. That's our opportunity. We shall double up-the demand is there and will always continue. We haven't the slightest doul; about that. So you see our opportunity is also yours-for the factors that make it possible and the confidence that actuates us in putting the price of this car at such an un-dreamed of figure also makes it possible for you to own the best 50-horsepower family touring car ever made at the price you have always said a first class automobile should be beight for.
- UNTIL VERY RECENTLY this move was impossible much as we would have liked to do it—for you'll remember we had it in n in l from the very first. Last season when we bought majorials and equipment for the 1910 model, prices were reflated beyond all reason. The promoters were at their zenith at that time. Legitimate makers found themselves bidding for supplies against concerns we all knew could not stay in the business. more than a year or 'wo Prices of tures and all other items went soaiing. So we had to awa the return of normal conditions-and that is what we now have. So is timid folk think it is a slump. It isn't-just water finding i's level, hat's a'l.
- TO-DAY WE CAN BUY materials at their intrinsic value. Paying the cash our wants get first affer from scribed above, make it possible to realize our fondest unbition and give you a car at a price and of a quality that connot be equaled by any other concern on earth.
- LET US IMPRESS THIS FACT UPON YOU: There is no change in the 1911 model. We could ind no point to improve there wasn't a weak spot in the 1910 model. ("-M-F "30" is to day recognized as the standard American car. It has so the styles and the pace for nearly three years. We believe it will do so for at least three years more.
- THERE NEVER WAS A BETTER MOTOR MADE. Never a better chassis throughout. It's equipped with a Solitori magneto that never fails nor varies in efficiency. It is designed for hard work-to be driven not by expert charifeurs, but by owners. It has proven the most economical car to main'a n that ever was made. Eighteen thousand owners will add to what we have sai '--ask them.
- IF E-M-F "30" WAS AN UNKNOWN CAR-a new and unitied productit would be different. "las "ad" would not then be such a thunderbolt to the trade. But it is the best-known car in America to-cay. It is in its third year in the present form. Never was a greater record of service and
- THE YEAR'S GUARANTIE which we announced some time ago-on the 1910 moder-soes with the 1911 model also and at the \$1,900 price. And if you read that guarancee you'll find it is unequivocal -it means just what it says--we guarancee E-M-F "56" for one year absolutely.
- PRICE OF FLANDERS "20," 1911 Model, is also adjusted to the new conditions. It is now \$700 for Roadster and Runabout types; Tourabout \$125. We haven't said much about this car in this "ad" wasn't room We will in another-"rough. Watch for it-it will be colightening.

NOTE.—This ad is the first of a series of four that will be published in the next few days. No. 2 will be on the subject of Manufacturers' Guaranties and hat they amount to. We'll let the light in on some things in that ad, too. The third will not be for general consumption—acdressed to dealers only. We believe in talking to them open y-of course you may read it

COMPULSORY LAW OF VACCINATION TO BE TESTED

Irate Alameda Parents, Whose Child Was Barred From School, to Fight.

REFUSE TO ALLOW GIRL TO BE OPERATED UPON

Threaten Legal Action Against Board of Education to Secure Reinstatement.

ALAMEDA, Oct. 11.—Aroused by the action of the Alameda Board of Education in debarring their 18-year-old daughter, Loreme Remmel, from the Alameda High school because she is not variented, Mr. and Mrs. J. A. Remmel will make a test case of the compulsory varieination law, which they contend is in conflict with the compulsory education law.

Miss Remmel was sent home from the high school by Dr. George C. Thompson, principal of the school, several weeks ago, after acknowledging that she was not vaccinated, and stating that her parents refused to allow her to undergo the varietation operation.

The father of the girl charges that there are many unvaccinated children in the local public schools who are retained there by subterfuses known to the Board of Education and tolerated by it.

SELIEVES OPERATION DANGEROUS

Remmel consulted Attorney K. K. Taylor yesterday in regard to taking the case to court. He states that both he and the mother of the ejected student are strongly opposed to vacchation, and cites the case of a Santa Barbara child said to be dying from the effects of the poisonous virus.

Superintendent of Schools Will C. Would stated today that the case was entirely within the jurisdiction of the State Board of Henith, and that if any retion were brought against the local Board of Edication the attorney for the fate Board of Health would have full churge of the case, the local board merely acting is nominal defendants.

"If there is any dereliction in regard to the enforcement of the vaccination law, it is due entirely to the physicians, who have certified that the students are vaccinated. I have no reason to believe that all the certificates of vaccination which we have received have not be not bona fide. However, I believe about twenty-five certificates have been presented from physicians stating that the student is not physically fit to under to the vaccination process."

DEFENDS COMPULSORY LAWS

Superintendent Wood stated that compulsory education law and the kw requiring vaccination were not in conflict in the Remmel case, in assuuch as the educational law only provided for children between the ages of 3 and 14

"My daughter is the picture of health." said Remmel today, "and we do not intend to have the vaccine injected into her arm for fear of permanently injuring her. I will not have the girl vaccinated and I shall demand that she he desired to the Alameda schools."

PURISTS SEE VICE AND SEEK REMEDY

CUTICURA CURES

First Father is Cured of an Eruption that Burned and Itched Day and Night. Then Baby is Cured of a Distressing Rash.

Cure for Skin Afflictions.

"I suffered for eight years with what the octors called the 'seven year itch." This doctors called the 'seven year itch.' This was like small red pimples such as form or the face but they burned and itched, day and night. These pimples were from my ankles the face but they burned and ltched, day and night. These pimples were from my ankles up, but mostly on my thighs and arms. I tried docter after doctor but their medicines brought no relief. But at last I struck the right treatment—this was Cuticura. I bought a set of the Cuticura Remedies—Cuticura Soap, Ointment and Pills—and a few applications brought relief. When I had used about half the set I was nearly cured and after using two full sets I was well and best of all, I have stayed cured.

"About four months ago, our baby began

About four months ago, our baby began "About four months ago, our baby began to be covered with a rash and his head with a spreading sore. Back of the ears, the flesh cracked open and the poor baby would scratch till it bied. He worried, cried and could not sleep. Then we bought a set of Cuticura and with a few applications the burning and itching ceased, baby stopped worrying and could sleep. When this single set had gone we had no use for any more as baby was never troubled with the disease again. The neighbors who saw the condition of the baby all asked what cured him and when we told them, they were surprised and pleased to find a sure cure for these skin afflictions. Edward H. Carter, 323 North 37th Bt., Camden, N. J., Mar. 8, 1910."

A single set of Cutteurs Soap and Cintment is eften sufficient, rendering it the most economical treatment for affections of the skin and scalp. Sold throughout the world. Fotter Drug & Chem. Corp. carry Mrs. Beisnaw back to her home and summon medical assistance. Senator Belshaw was at Antioch at-tending a political rally of Hiram Johnson. He was telephoned for and later brought Mrs. Beishaw to this

called, and today an X-ray examina-tion will be made at Lane hospital to ascertain the extent of the injury. The horse that drove Mrs. Belshaw to the depot is usually a quiet, tractable animal. He became frightened, however, and began to rear and kick, shying and bucking. This alarmed Mrs. Belshaw, who jumped and landed on her right foot

CASE AGAINST YOUNG MARRIOTT DISMISSED

E. W. Marriott, son of the owner of a San Francisco weekly, who has been sought from the Pacific Coast to Honoiulu since last May, surrendered himself to the Oakland police this morning and was charged with felony embezzlement. Ills accuser is J. H. Neustadt, a merchant of 50 Van Ness avenue, San Francisco, who charged him with having appropriated to his own uses \$345.35 collected for the firm.

The case was dismissed this morning

as Neustadt explained that he now be-lieved the young man had not intention-ally taken the money. It is understood that there was a return of the funds said to have been taken.

The offense is alleged to have been com mitted last May. The Oakland detectives traced Marriott to Honolulu and would

on the motion of the prosecuting attorney

have had him arrested there had it not been for the intervention of Neustadt. Marriott returned to California a few days ago. He was informed that the warrant was still outstanding against him He was informed that the and surrendered himself this morning.

KERRIGAN ARRAIGNED ON BURGLARY CHARGE

Accused also of a prior conviction.

Edward Kerrigan was arraigned this forenoon in the criminal department of the Superior Court on a charge of hurbiary, to which he pleaded not guilty. Kerrigan is alleged to have burgiarized to residence of Harry S. Anderson, the carpet dealer, at 1123 Second avenue. He has served a term in the penitentiary at Folsom for a burglary committed in San Francisco in 1883.

Before we invented Lastikous Webbing, we never used elastic it our corsets, simply because there was

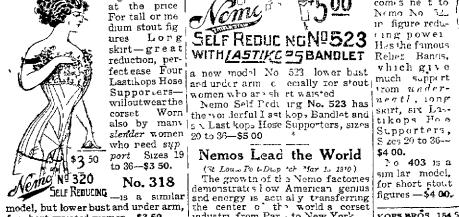

and retains its clastic ty because the short ston figure . o we have made; figures with a)rubber strands are firmly held in the non clas to port on of the fabric, and cannot work loose and pull out. It is not injured by sewing, for the needle does not weaken the rubber strards It is elastic enough to ir sure comfort, but firm enough to give perfect support Used only in-

Nemo Lastikops Hose Supporters Nemo Lastikops Bandlet Nemo Lastikops Corset System

Lastikops Webbing may be woven with any des red degree of elasticity, and is being used in Nemo Cors ts to produce wonderful new resurs

Like all other successful Nemo invertions, Lastikons Webbirg 13 a'ready being unsucces fully ama tated The genuire article is used ONLY in Nemo products All the var ious imitations are simply ord nar, elastics in disguise-just as unrelia ble and disappointing as ever
